HOUSE BUILDING FINANCE COMPANY LIMITED

**FINANCIAL STATEMENTS WITH
ACCOMPANYING INFORMATION**

**FOR THE YEAR ENDED
31 DECEMBER 2013**

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed statement of financial position of HOUSE BUILDING FINANCE COMPANY LIMITED ("the Company") as at 31 December 2013 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) Since the date of our appointment was subsequent to the reporting date, we could not perform necessary cutoff procedures and remained unable to observe the cash counting and physical verification of certain moveable assets of the Company at the year end;
- (b) Bank reconciliation statements of various bank accounts include long outstanding debit and credit entries of Rupees 10.003 million and Rupees 33.122 million respectively which remained unidentified and unadjusted in the financial statements. The management did not provide us any satisfactory explanation regarding these unidentified entries. Further, out of fifty seven (57) requests circularized to the banks, where the Company maintains its bank accounts, having balances aggregating to Rupees 234.998 million, we did not receive responses against forty (40) requests from the banks with balances totaling to Rupees 119.311 million;
- (c) The outstanding balance of 'advances-net' as disclosed in note 8 to the financial statements is not in agreement with underlying subsidiary records at Head Office. There was a difference of Rupees 9.524 million in outstanding principal at 31 December 2013. Further, the income on advances booked in previous years amounting to Rupees 88.599 million was reversed in these financial statements.

Such reversals arise on recurring basis due to erroneous recording of income owing to information system inefficiencies and posting errors;

- (d) The Company manages different databases for its customer portfolio through information system at head office and branches which is not integrated. On our test check of some of the partners' ledger accounts of advances at branches, we identified differences in principal outstanding and respective provision against non-performing advances, rental outstanding, group insurance premium outstanding and property insurance premium outstanding between database managed by the head office and database managed by branches. No exercise was conducted during the year by the management to reconcile, ascertain and adjust these differences in the books of account. Further, we were also not allowed to circularize direct balance confirmation letters to partners due to such differences.
- (e) Provision against non-performing advances was not made as per Prudential Regulations for Consumer Financing. Classification of non-performing advances was determined by dividing total defaulted amount with amount of an installment to calculate overdue period instead of calculating exact overdue period from the due date. The partial amount of an overdue installment was also considered as full installment in aforesaid calculation. We also noted that the benefit of Forced Sale Value was not taken or less taken in some of the classified accounts while calculating provision against non-performing advances. During the year, the management did not carry out any exercise to ascertain and account for the effect of this practice on provision against non-performing advances, if any. Further, during the year ended 31 December 2011 an exercise was carried out to rectify the effects of flawed ascertainment of the provision against non-performing advances and an additional provision of Rupees 160.092 million was accounted for in the general ledger. However, the management did not post such provision in the respective partners' subsidiary ledger accounts so far.
- (f) The management did not provide us proper justification and satisfactory explanation of placing following balances in Deferred Credits as disclosed in note 12.4 to the financial statements:
 - i. As previously required under the HBFC (Amendment) Ordinance, 2001, 'demand charges net of recovery expenses' amounting to Rupees 537.213 million were included in Deferred Credits to be used for charitable purpose. Accumulated donations paid till 31 December 2013 out of this were Rupees 105 million. Since the aforesaid ordinance is no more applicable to the Company, the accounting treatment of demand charges, recovery expenses and donations is not in accordance with the applicable approved accounting standards;
 - ii. Profit commission - net of death claims received from State Life Insurance Corporation (SLIC) amounting to Rupees 208.562 million accumulated up to 31

December 2009 was credited in Deferred Credits instead of profit and loss account when received. Receipts of profit commission from SLIC, subsequent to aforesaid date, are being offset against advances which at the reporting date aggregated to Rupees 133.357 million;

- iii. Deferred credits include accumulated debit balance on account of expense provided for doubtful insurance receivable from partners amounting to Rupees 251.238 million which should have been charged to profit and loss account when created;
- iv. Deferred credits include a credit balance of Rupees 52.503 million in respect of insurance premium received from unidentified partners. Further, it also includes a debit balance of Rupees 12.495 million on account of property insurance for which no information is available with the Company;
- v. Deferred Credits have also been credited with accumulated profit allocation of Rupees 954.282 million up to the reporting date, which also includes current year's profit allocation of Rupees 114.233 million. In our view, these amounts should have been recognized in profit and loss account in the respective years.

Except for the effects of adjustments, if any, as might have been determined to be necessary, had we been able to satisfy ourselves in respect of the matters stated in the preceding paragraphs (a) to (g) we report that:

- (i) in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984;
- (j) in our opinion:
 - (i) the statement of financial position and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
 - (ii) the expenditure incurred during the year was for the purpose of the Company's business; and
 - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- (k) in our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting

standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 31 December 2013 and of the profit, its comprehensive income, its cash flows and changes in equity for the year then ended; and

- (l) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Emphasis of Matter

We draw attention to note 1.1 to the financial statements which states that the Company has not complied with the minimum capital requirement of Rupees 6,000 million set out by State Bank of Pakistan and also discloses the events subsequent to the reporting date relating to decision made on conversion of borrowings (credit lines) from State Bank of Pakistan (SBP) (Note 11.1.1) along with markup payable into equity of the Company. Our opinion is not further qualified in respect of this matter.

HOUSE BUILDING FINANCE COMPANY LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2013

1. STATUS AND NATURE OF BUSINESS

The House Building Finance Company Limited (the Company) is an unlisted public limited company incorporated in Pakistan on June 13, 2006 under the Companies Ordinance, 1984. The registered office of the Company is situated at Finance and Trade Centre Building, Sharah-e-Faisal, Karachi, in the province of Sindh. Pursuant to a vesting order SRO.I/2007 dated July 25, 2007 issued by the Finance Division - Government of Pakistan effective from January 01, 2007, the Company had taken over all assets, running business, contracts, liabilities and proceedings of the House Building Finance Corporation (HBFC), established in 1952 under the House Building Finance Corporation Act 1952 (XVIII of 1952) by the Government of Pakistan from closing of the business on December 31, 2006.

The Company is designated as a financial institution by the Federal Government and is providing financing facilities for the construction, reconstruction, renovation and purchase of houses through a network of 46 district offices and 10 zonal offices throughout Pakistan including Azad Jammu and Kashmir. According to credit rating report dated July 12, 2014 of JCR-VIS, the long term and short term ratings of the Company are "A" and "A2" respectively.

- 1.1 In accordance with BSD Circular No. 19 dated September 05, 2008 the minimum paid up capital requirement (free of losses) of the Company at December 31, 2009 and in future periods is Rs. 6 billion till further notification. The paid up capital of the Company (free of losses) as at December 31, 2013 is Rs. 2.162 billion. State Bank of Pakistan vide its letter No. BSD/BAID/659/2145/2012 dated February 16, 2012 granted exemption to the Company from the minimum capital requirement till December 31, 2012 or completion of privatization / restructuring process, whichever is later. The Company is in process of financial restructuring and proposal in this regard was submitted to the Ministry of Finance and State Bank of Pakistan.

Subsequent to year end, a meeting has held on 11 July 2014 between the representatives of the SBP, Securities and Exchange Commission of Pakistan (SECP) and the Company under the chairmanship of the Finance Minister, Government of Pakistan, whereby it has been decided that the Company's total outstanding debt of Rs. 11.242 billion payable to SBP along with markup payable of Rs. 2.448 billion (i.e. aggregating to Rs. 13.690 billion) shall be converted into SBP's investment in the equity of the Company and the remaining portion of markup of Rupees 2 billion of outstanding markup as of June 30, 2014 will be paid up by the Company immediately. The decisions of the aforesaid meeting has been communicated to the Company by Finance Division, Government of Pakistan vide its notification No. F.1(2)IF-I/2011-Vol-II/1104 dated July 15, 2014 and No. F.6(9)-IF-III/2008 dated July 24, 2014 and the Company paid Rupees 2 billion in compliance with the directives on August 18, 2014.

In view of the above, the management of the Company is confident that the shortfall against minimum capital requirement is temporary and the Company will be in compliance with the minimum capital

2. BASIS OF PRESENTATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan, the requirements of the Companies Ordinance, 1984 (the Ordinance) and the directives issued by the Securities and Exchange Commission of Pakistan (SECP) and the State Bank of Pakistan (SBP) including BSD Circular No. 04 dated February 17, 2006. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board and Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Ordinance, 1984. In case requirements differ, the provisions of the directives issued under the Companies Ordinance, 1984 and directives issued by SBP shall prevail.

The SBP through its BSD Circular Letter No. 11 dated September 11, 2002 has deferred the applicability of International Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and International Accounting Standard (IAS) 40, 'Investment Property' till further instructions. Further, according to the notification of SECP dated April 28, 2008, IFRS 7 "Financial Instruments: Disclosures" has not been made applicable for companies engaged in housing finance services. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by

Requirements of Section 24(20)(d) of the House Building Finance Corporation (HBFC) Act, 1952 as amended by the HBFC (Amendment) Ordinance, 2001 and ratified by the Board of the Company in respect of demand charges have been followed.

2.2 Standards, amendments and interpretations of approved accounting standards are effective for accounting periods beginning on or after January 01, 2013:

IAS 1 'Financial statements presentation' has been amended effective January 01, 2013. The main change resulting from these amendments is a requirement for entities to group items presented in 'Other Comprehensive Income' (OCI) on the basis of whether they are potentially reclassifiable to profit and loss subsequently reclassification adjustments. The specified changes have been made in the statement of other comprehensive income for the year.

IAS 19 Employee Benefits (revised) which became effective for annual periods beginning on or after January 01, 2013 amends accounting for employees benefits. The amended IAS 19 includes the amendments that require actuarial gains and losses to be recognized immediately in other comprehensive income; to immediately recognize all past service costs; and to replace interest cost and expected return on plan assets with a net interest amount that is calculated by applying the discount rate to the net defined benefit liability / asset. The specified changes has been made in these financial statements and their impact on these financial statements has been disclosed in Note 3.8(d).

There are other new and amended standards and interpretations that are mandatory for accounting periods beginning on or after January 01, 2013 but are considered not relevant or do not have a significant effect on the Company's operations and therefore are not detailed in these financial statements.

2.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods on or after January 01, 2014.

	Effective date (accounting periods beginning on or after)
- IAS 32 - Financial Instruments: Presentation (Amendment)	01 January 2014
- IFRS 10 'Consolidation Financial Statements'	01 January 2014
- IFRS 12 'Disclosure of interest in other entities'	01 January 2014
- IFAS 3 - Profit and Loss Sharing on Deposits	01 January 2014

There are other new and amended standards and interpretations that are mandatory for the Company's accounting periods beginning on or after January 01, 2014 but are considered not to be relevant or do not have any significant effect on the Company's operations and are therefore not detailed in these financial statements.

2.4 Basis of measurement

These financial statements have been prepared under the historical cost convention except that investments classified as held for trading and available-for-sale are measured at fair values, excluding investment in associate which is carried using equity method and staff retirement benefit schemes that are stated at the present value of the obligation.

2.5 Accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. It also requires management to exercise judgment in application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

a. Classification of investments

In classifying investments as "held-for-trading" the Company has determined securities which are acquired with the intention to trade by taking advantage of short term market / interest rate movements.

In classifying investments as "held-to-maturity" the Company follows the guidance provided in SBP circulars on classifying non-derivative financial assets with fixed or determinable payments and fixed maturity. In making this judgment, the Company evaluates its intention and ability to hold such investments to maturity.

The investments which are not classified as "held for trading" or "held to maturity" are classified as "available for sale".

b. Impairment of available-for-sale investments

The Company determines that available-for-sale investments are impaired when there has been a significant or prolonged decline in the fair value below its cost. This determination of what is significant or prolonged requires judgment. In making this judgment, the Company evaluates among other factors, the normal volatility in share price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology, and operational and financing cash flows.

c. Provision against non-performing advances and debt securities classified as investments

The Company regularly reviews its loan portfolio and debt securities classified as investments to assess the amount of non-performing loans and advances and debt securities and provision required there-against. While assessing this requirement various factors including the delinquency in the account, financial position of the borrower, the forced sale value of securities and requirements of the Prudential Regulations are considered.

For portfolio impairment provision on consumer advances, the Company follows the general provision requirement set out in Prudential Regulations.

d. Income taxes

While making the estimates for income taxes currently payable by the Company, management looks at the current income tax laws and the decisions of appellate authorities on certain issues in the past. In making provision for deferred taxes, estimates of the Company's future taxable profits and expected reversal of deductible temporary differences are taken into account.

e. Employees retirement benefit plans

The liabilities for employees retirement benefits are determined as per actuarial advice using the Projected Unit Credit Method. The actuarial advice involves assumptions about discount rates, expected rates of return on assets, future salary increases and future pension increases as disclosed in note 30. Changes in these assumptions in future years may affect the liability / asset under these plans in future years.

f. Operating assets, depreciation and amortization and residual value

Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management of the Company. Further, the Company reviews the value of assets for possible impairment on an annual basis. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with a corresponding effect on the depreciation charge and impairment.

2.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements have been presented in Pakistani Rupee, which is the Company's functional and presentation currency.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

3.1 Bank balances

Cash and cash equivalents

For the purpose cash flow statement, cash and cash equivalents include cash and balances with the SBP and other banks in current and deposit accounts.

Cash in transit

Collection in transit as on the reporting date received from the borrowers / partners at the branches is treated as cash in transit and included in the bank balances.

3.2 Lendings to / borrowings from financial institutions

The Company enters into transactions of borrowings (repos) from and lending (reverse repos) to financial institutions at contracted rates for a specified period of time. These are recorded as under:

Sale under repurchase obligations

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognized in the statement of financial position and are measured in accordance with accounting policies for investment securities. The counterparty liability for amounts received under these agreements is included in borrowings from financial institutions. The difference between sale and repurchase price is treated as mark-up/return/interest expense and accrued over the term of the related repo agreement.

Purchase under resale obligations

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognized in the statement of financial position, as the Company does not obtain control over the securities. Amounts paid under these agreements are included in lendings to financial institutions. The difference between purchase and resale price is treated as mark-up/return/interest income and accrued over the term of the related reverse repo agreement.

Other lendings

Other lendings include term lendings and unsecured lendings to financial institutions. These are stated net of provision. Mark-up on such lendings is charged to profit and loss account on time proportionate basis using effective interest rate method except mark-up on impaired/delinquent lendings, which are recognized on receipt basis.

Other borrowings

These are recorded at the proceeds received. Mark-up on such borrowings is charged to the profit and loss account on time proportion basis using effective interest method.

3.3 Revenue recognition

Rentals / markup / return on **regular advances and investments** is recognized on time proportion basis. Mark up / return on classified advances and investments is recognized on receipt basis. Gains and losses on termination and documentation charges are recognized on receipt basis.

Additionally under **Ghar Aasan Scheme**, income is recognized on the basis of share in rental income and share in appreciation in value of property.

Interest on housing finance under **interest bearing scheme** is not recognized since July, 2000 pursuant to the decision of the Honorable Supreme Court of Pakistan.

Income from sale of housing projects is recognized using stage of completion of contract.

Income on deposits and investments other than **equity instruments** is recognized on accrual basis.

Dividend income, except for dividend on investments in associates accounted for under equity method {Note 3.5(d)}, is recognized when the right to receive the dividend is established.

Gain and loss on sale of investments are recognized in the profit and loss account.

3.4 Advances

Housing finance advance

Advances are stated net of general and specific provisions.

The general and specific provisions are made in accordance with the requirements of the Prudential Regulations and other directives issued by the State Bank of Pakistan (SBP) and are charged to the profit

Non-performing advances are written off only when all possible courses of action to achieve recovery have proved unsuccessful. The Company determines write-offs in accordance with the criteria prescribed by the

3.5 Investments

Investments of the Company, other than investment in associate, are classified as held for trading, held-to-maturity and available for sale.

(a) Held for trading

These are securities which are either acquired for generating a profit from short-term fluctuations in market prices, interest rate movements, dealer's margin or are securities included in a portfolio in which a pattern of short-term profit taking exists.

(b) Held-to-maturity

These are securities with fixed or determinable payments and fixed maturity in respect of which the Company has the positive intent and ability to hold to maturity.

(c) Available-for-sale

These are investments that do not fall under the "held for trading" or "held to maturity" categories.

Initial measurement

All "regular way" purchases and sales of investments are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of investments that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Investments are initially recognized at fair value which, in the case of investments other than held-for-trading, includes transaction costs associated with the investments.

Subsequent measurement

Held for trading

These are measured at subsequent reporting dates at fair value. Gains and losses on re-measurement are included in the profit and loss account.

Held to maturity

These are measured at amortized cost using the effective interest rate method, less any impairment loss recognized to reflect irrecoverable amounts.

Available for sale

Quoted-securities classified as available-for-sale investments are measured at subsequent reporting dates at fair value. Any surplus / deficit arising thereon is kept in a separate account shown in the statement of financial position below equity and taken to the profit and loss account when actually realized upon disposal or when the investment is considered to be impaired.

Unquoted equity securities are valued at the lower of cost and break-up value. A decline in the carrying value is charged to the profit and loss account. The break-up value of these equity securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements. Investments in other unquoted securities are valued at cost less impairment losses.

Provision for diminution in the value of securities (except term finance certificates and sukuks) is made for impairment, if any. Provision for diminution in the value of term finance certificates is made as per the aging criteria prescribed by the Prudential Regulations issued by the SBP.

(d) Investment in associate

Investment in associated, where the company has significant influence, is accounted for using equity method of accounting wherein the Company's share of underlying net assets of the investee is recognized as the carrying amount of such investment. Differences between the amount previously recognized and the amount calculated at each year end is recognized in the profit and loss account as share of profit or loss of associate. Distribution received out of such profits is credited to the carrying amount of investment in associated undertaking.

Gains and losses on disposal of investments are dealt with through the profit and loss account in the year in which they arise.

The carrying values of investments are reviewed for impairment at each balance sheet date. Where any such indications exist that the carrying values exceed the estimated recoverable amounts, provision for impairment is made through the profit and loss account.

3.6 Operating fixed assets

Tangible

Property and equipment

Property and equipment are stated at cost less accumulated depreciation and impairment losses (if any). Cost of property and equipment consists of historical cost, borrowing cost pertaining to erection / construction period of qualifying assets and other directly attributable costs of bringing the asset to working condition. When parts of an item of property and equipment have different useful lives, they are accounted for as separate items of property and equipment.

Depreciation on property and equipment is charged to income using the 'Straight Line Method' over the useful life of the asset at the rates mentioned in note 9.2. The residual values, useful lives and depreciation method are reviewed and adjusted, if appropriate, at each balance sheet date. Depreciation charge commences from the month when the asset is available for use and continues till the month the asset is discontinued either through disposal or retirement.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account when incurred.

Any gain or loss on disposal of the assets is included in the profit and loss account in the year of disposal.

Intangible

Intangible assets having finite useful life are stated at cost less accumulated amortization and impairment losses, if any. Intangible assets comprise of cost of computer software and patents, which are being amortized using the straight-line method over their useful lives as stated in note 9.3.1 Amortization is charged from the month of acquisition and up to the month of deletion. The useful lives and amortization method are reviewed and adjusted, if appropriate, at each reporting date.

Costs associated with maintaining computer software are recognized as an expense when incurred.

Capital work-in-progress

Capital work-in-progress is stated at cost accumulated up to the reporting date and represents expenditure incurred on property and equipment in the course of construction / development. These expenditure are transferred to relevant category of property and equipment as and when the assets become available for

Impairment of non-financial assets

The carrying amount of assets are reviewed at each reporting date for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amount. The recoverable amount is higher of an asset's fair value less cost to sell and value in use. The resulting impairment loss is taken to profit and loss account.

A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit and loss account.

3.7 Taxation

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the profit and loss account except to the extent that it relates to items recognized directly in equity or in other comprehensive income.

Current

Provision for current taxation is based on taxable income at the current rate of tax after taking into account applicable tax credits, rebates and exemptions available, if any. The charge for current tax also includes adjustments, where considered necessary, relating to prior years arising from assessments made during the year.

Deferred

Deferred tax is recognized using the liability method on all temporary differences, at the reporting date between the tax base of assets and liabilities and their carrying amounts for the financial reporting purposes. Deferred tax is calculated at the tax rates that are expected to apply when the differences are expected to reverse, based on the tax rates that have been enacted or substantially enacted at the reporting date.

Deferred tax liability is generally recognized for all taxable temporary differences. Deferred tax assets is recognized to the extent that it is probable that future taxable profits will be available against which the asset can be utilized.

The carrying amount of deferred tax asset is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow whole or part of the asset to be recovered.

Deferred tax is charged or credited in the income statement, except in the case of items credited or charged to equity, if any, in that case it is included in equity.

3.8 Employee benefits

a. Defined benefit plan

Pension Fund

The Company operates an approved funded pension scheme for all its employees who have been in full time employment for at least 10 years. The scheme provides pension based on the employees' last drawn pensionable salary. Contributions are made to the scheme on the basis of actuarial recommendation. The latest valuation was carried out at December 31, 2013 by actuary using the 'Projected Unit Credit' actuarial cost method, by applying the following significant assumptions, for actuarial valuation of the scheme:

	2013 Per annum	2012 Per annum
Discount rate	13.00%	11.50%
Expected rate of return on investments/plan assets	13.00%	11.50%
Expected rate of increase in salary	13.00%	10.50%
Pension increase rate	10.50%	9.00%

Post retirement medical benefits

The Company provides post retirement medical facility to an employee in the following events:

- Retirement
- Death/disability during or after service
- Early retirement from service

The Company's post retirement medical benefits' structure is as follows:

Executives / officers their spouse and dependent children	Entitlement
- for hospitalization	One gross pension
- for consultation/pathological test etc.	One gross pension
- for cost of medicine	One gross pension
Clerical staff	Entitlement
- for hospitalization	One gross pension
- for consultation/pathological test etc.	One gross pension
- for cost of medicine	Two gross pension
Non-clerical staff	Entitlement
- for hospitalization	One and half gross pension
- for consultation/pathological test etc.	One and half gross pension
- for cost of medicine	Three gross pension

Actuarial valuation of the scheme is carried out every year and the latest valuation was carried out at December 31, 2013 using 'Projected Unit Credit' actuarial cost method. Discount rate of 13% (2012: 11.5%) is used by the actuary for the valuation.

The actuarial gains / losses on re-measurement of defined benefit obligations are recognized in the other comprehensive income.

b. Defined contribution plan

The Company also operates an approved non-contributory Provident Fund scheme for all its employees. Contributions are made to the Fund by the employees at the rate of 12 % of their basic salaries in accordance with the Fund's rules.

c. Employees' compensated absences

Employees of the Company are entitled to carry forward and accumulate their unavailed leaves. The rules of the leave encashment scheme state that the employee shall be entitled to get 50% of his balance subject to maximum of 180 days i.e. he is allowed to accumulate his balance upto 365 days. The employees can avail their leave balance in excess of 365 days at any time as the excess balance will not be encashed at retirement and will be lapsed. The Company provides for employees compensated absences on the basis of actuarial valuation in accordance with the requirements of IAS-19. Actuarial valuation of the scheme is carried out after every year and the latest valuation was carried out at December 31, 2013.

d. Change in accounting policy - defined benefit plan

Previously, the portion of actuarial gains or losses was recognized if the net cumulative unrecognized actuarial gains or losses at the end of the previous year exceeded the "corridor" which was defined as the

- 10% of the present value of the defined benefit obligation at that date (before deducting plan assets)
- 10% of the fair value of the plan assets at that date.

According to new policy actuarial gains and losses are recognized in other comprehensive income (OCI) in the periods in which they occur. Amounts recorded in the profit and loss account are limited to current and past service costs, gains or losses on settlements, and net interest income (expense). All other changes in the net defined benefit obligation are recognized directly in other comprehensive income with no subsequent recycling through the profit and loss account.

The change in accounting policy has been accounted for retrospectively in accordance with the requirements of IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors' and comparative figures have been restated. The effect of the change in accounting policy on the current and prior periods financial statements have been summarized below:

	2012	2011
	Rupees in '000	
Effect on Statement of Financial Position		
Decrease in other assets	-	85,113
Increase in deferred tax asset	107,693	342,088
Increase in other liabilities	1,241,937	905,056
Increase in accumulated loss	1,150,217	664,054
Increase in statutory reserve	15,973	15,973
Effect on profit and loss account		
Decrease in administrative expenses	65,422	79,862
Decrease in SBP share of loss on credit lines	(445)	-
(Decrease) / increase in (loss) / profit after tax	(64,977)	79,862
(Decrease) / increase in (loss) / earnings per share	(0.22)	0.27
		14

3.9 Foreign currency transactions and translations

Monetary assets and liabilities in foreign currency are translated into Rupees at the applicable rate of exchange prevailing at the reporting date. Foreign currency transactions during the year are translated into Pakistani Rupee applying the exchange rate at the date of respective transactions. Gains and losses on translation are included in profit and loss account currently.

3.10 Financial instruments

Financial assets and liabilities

Financial instruments carried on the statement of financial position include cash and bank balances, lending's to financial institutions, investments, advances, certain receivables, borrowings from financial institutions, deposits and certain other liabilities. The particular recognition methods adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with them. Financial assets are de-recognized when the contractual right to future cash flows from the asset expire or is transferred along with the risk and reward of the asset. Financial liabilities are de-recognized when obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on de-recognition of the financial assets and liabilities is recognized in the profit and loss account of

Off setting

Financial assets and financial liabilities are only offset and the net amount is reported in the financial statements when there is a legally enforceable right to set-off the recognized amount and the Company intends either to settle on a net basis, or to realize the assets and to settle the liabilities simultaneously. Income and expense items of such assets and liabilities are also off-set and the net amount is reported in

3.11 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

3.12 Borrowing costs

Borrowing costs specific to a significant addition of a project during its construction / erection period is capitalized. Other borrowing costs are charged to the profit and loss account as and when incurred.

3.13 Earnings per share

The Company presents basic and diluted earnings per share (EPS). Basic EPS is calculated by dividing the profit or loss, as the case may be, attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any. The Company does not account for the effect of potential ordinary shares while calculating dilutive loss per share in accordance with the

3.14 Dividends and appropriation to reserves

Dividend and appropriation to reserves are recognized in the year in which these are approved, except appropriations required by the law, which are recorded in the period to which they pertain.

3.15 Demand charges

Demand charges (penalties) on late payment by the partners are credited to 'Deferred Credit' account. This amount is utilized for charity purposes after netting of recovery charges as approved by the Board.

Chief Executive Officer:				
Mr. Tariq Sayeed Saigol				

- 7.3.1 According to the original terms of repayment, these sukuk bonds were to be repaid in eight half yearly installments starting from June 2009 and maturing upto December 2012 at markup of six months KIBOR plus 2.50%.

Eden Housing Limited (EHL) paid two installments of Rs. 25 million each and then defaulted the repayment. On June 30, 2010, EHL entered into a restructuring arrangement according to which outstanding principal of Rs. 150 million will be repaid on quarterly basis in the ratio of 10%, 25%, 30% and 35% in first, second, third and fourth year, respectively, with markup of KIBOR plus 2.5% for the first three years and KIBOR plus 3% in fourth year. EHL has complied the restructured arrangement till the reporting date. However, on prudent basis, the Company has made provision of 75% of the outstanding principal amount.

- 7.3.2 According to the original terms of repayment, this sukuk was to be repaid in eight equal half yearly installments at markup of six months KIBOR plus 1.70%, principal repayment starting from June 2009 and maturing upto December 2013.

MLCFL paid markup till May 2009 and defaulted the repayment of both principal and markup. On February 2010, MLCFL entered into a restructuring arrangement with the Company according to which Rs. 2.94 million of the outstanding markup from June 2009 to November 2009 has been paid and sukuk bonds have been issued for the remaining markup of Rs. 2.81 million. According to the restructuring agreement, new issued sukuk bonds are repayable in bullet in two years at markup of three months KIBOR plus 1%, however, markup payment would be made on quarterly basis. The principal amount of Rs. 75 million is payable in thirty six quarterly installments starting from March 2010 till December 2018.

Mark up from December 2009 to February 2011 aggregating to Rs. 12.634 million was not recognized in the books of account being doubtful of recovery. However, upon restructuring such amount was agreed to be converted into markup free debt except for token markup of 0.50% payable with installment. This markup free debt is to be paid in 24 equal quarterly installments starting from March 2012 till December 2017. The Company has also not accounted for this markup free debt in its books of account by crediting the income because of doubts on eventual recovery, and is accordingly kept in memorandum accounts. The recoveries actually made there-against are recognized as income on receipt basis. Markup from March to June 2011 amounting to Rs. 5.51 million was receivable upto September 2011. However, Rs. 3.32 million were received and the remaining balance of Rs. 2.19 million was deferred till December 2012. MLCFL paid all due markup as per restructuring. HIBFCL filed a suit against AMZ Asset and Income Fund to recover the loss on acquisition of this sukuk amounting Rs. 15.157 million in the Banking Court. The management, on prudent basis, has provided full outstanding original principal amount against these sukuk.

- 7.4 These represent investment in 30,000 units of Rs. 5,000 each in Term Finance Certificates (TFCs) of Pak Libya Holding Company (Private) Limited costing Rs. 124.096 million having maturity on February 07, 2016 and fair value of Rs. 124.634 million. These TFCs carry mark up at 6 months KIBOR plus 1.60% per annum payable semi annually whereas principal is payable semi annually commencing from August 07, 2013. The credit rating of company is AA. The Deputy Managing Director of the Company is Mr. Khalid S.T. Benrjoba.

- 7.6 This represents balance of placement in certificates of investment (COIs) of Rs. 200 million for three years and Rs. 25 million for three months in 1996 and 1998 respectively (aggregately Rs. 225 million). BEL defaulted the repayment and went under liquidation on April 18, 2001 and claims of BEL were placed before Honourable High Court of Sindh. Consequently, the Company had made provision of full amount. Upto December 31, 2013, the Company received Rs. 157.5 million (70%) of the invested amount on the directive of the Honourable High Court of Sindh.

- 8.2 This represents advances under Profit & Loss Sharing Scheme, Simplified Scheme, New Simplified Scheme (NSS), Gothabad Scheme and loan to Breacast Industries (Pvt.) Limited. No additional disbursement of advance under these schemes has been made since 2000. Advances under NSS have been provided upto 96% (2012 : 97%) of the gross advance whereas advances under rest of the schemes are fully provided.
- 8.3 On November 23, 2012, the Executive Committee approved special relief package to mitigate the financial hardships of the borrowers. As per the relief package, which was valid upto March 31, 2013, on payment of the entire principal amount, insurance premium, legal / publication charges and 20 percent of demand charges, partners are entitled for waiver of outstanding mark-up and remaining portion of demand charges.
- 8.4 No new disbursement has been made under this scheme since the year 1979. In pursuance of the decision of the Honorable Supreme Court of Pakistan, the Company has not accrued interest on these advances since July 01, 2000. All advances under this category has been classified as "Loss" and fully provided.
- 8.5 This scheme was based on Diminishing Musharaka for construction, purchase of houses and replacement of existing housing advance obtained by applicants from another financial institutions - Balance Transfer Facility (BTF) with maximum financing limit of Rs. 7.5 million. This advance is repayable by the partners in 36 to 240 monthly installments. The net annual rental income is 5% of the total assessed cost of the house, subject to upward revision of annual rent on cumulative basis at 25% after every 3 years. For disbursements after May 26, 2008, constant net annual rental income of 15.5% is charged on daily product basis on the value of outstanding units. In addition, the Company shares appreciation in the value of the house at rates ranging between 2.5% to 12.5% per annum assessed for various localities. New disbursement under this scheme has been discontinued from February 11, 2009. Provision has been made in accordance with the prudential regulations.
- 8.6 Ministry of Finance, Government of Pakistan (MoF) paid Rs. 44 million to the Company during 2009 and the remaining amount of Rs. 174.14 million during the year ended December 31, 2010 against outstanding amount of advance to PHA as the transaction was guaranteed by the Federal Government Guarantee. However, MoF through its letter No. F.10(4)IF-II/2000-594 dated April 17, 2010 instructed Ministry of Housing & Works (MoH&W) to pay this amount to the Company on behalf of PHA and necessary provision in this regard should be made in the Federal Budget. MoF in its letter further advised that the amount of Rs. 218.14 paid to the Company be utilized for increase in the paid up capital. Accordingly, this amount has been disclosed as "Advance against issue of capital" in these financial statements. Based upon MoF's guarantee to pay the outstanding balance, no provision has been made against these advances.
- 8.7 As per the arrangement Gawader Employees' Co-operative Housing Society (GECHS) is required to adjust the principal amount of advance of Rs. 47.50 million within thirty three months from December 26, 2006 through transfer of balance in each individual case of the allottees of house under Ghar Aasan Scheme and under Ghar Aasan Flexi Scheme after completion and handing over possession of houses. Until the transfer of advances to individuals, GECHS shall pay profit @ 13% per annum. Upto December 31, 2013, advances of Rs. 27.318 million (2012 : Rs. 23.217 million), were transferred to 82 (2012 : 73) individual cases: i.e., 67 cases (2012: 60) under Ghar Aasan Scheme, and 15 cases (2012: 13) under Ghar Aasan Flexi Scheme amounting to Rs. 23.115 million (2012: 19.925 million) and Rs. 5.377 million (2012: 3.292 million) respectively.

Final profit and loss sharing will be subject to final settlement of accounts which shall be made within three months of the completion of the project which will be audited by the person authorized by the Company. The advance is secured against mortgage of land. However, the Company has made provision of full amount on prudent basis.

W

- 8.8 Advances under Shandar Ghar Scheme for renovation of houses only with maximum financing limit of Rs. 2.5 million are based on Murabaha approved by the Board of Directors on January 20, 2004 . The advance is repayable by the partners in 12 to 120 monthly installments. The Murahaba profit varies from 8% to 13.5% (2012 : 8% to 13.5%) per annum. New disbursement under this scheme has been discontinued from February 11, 2009. Provision has been made in accordance with the prudential regulations.
- 8.9 Advances under 'Finance facility for Small Builders' for construction of individual houses and apartments for sale to the general public with maximum financing limit of Rs. 7.5 million is based on Musharaka financing approved by the Board of Directors in August 2007. This advance is for a period of 12 to 18 months, extendable for further 3 months. to be repaid at the end of the tenor along with the profit ranging from 13% to 18% (2012 : 13% to 18%) per annum, or is transferable to the buyer of the house/apartment under Ghar Aasan Scheme. New disbursement under this scheme has been discontinued from November 17, 2009. Provision has been made in accordance with the prudential regulations.
- 8.10 Advances under Ghar Aasan Flexi Scheme for construction, renovation and purchase of house and replacement of existing housing facility – Balance Transfer Facilities (BTF) with maximum financing limit of Rs. 10 million is based on Diminishing Musharaka. This advance is repayable by the partners in 36 to 240 monthly installments. The rental income for salaried person and business person is one year KIBOR with a spread of 3.25% and 3.50% (2012: 3.25% and 3.50%) respectively per annum.
- There are two investments plans under this scheme; variable installment plan and fixed investment plan. New disbursement under variable installment plan has been discontinued effective from July 27, 2009. Provision has been made in accordance with the prudential regulations.
- 8.11 Advances under 'Saima and Bisma Project' for construction of individual houses and apartments with maximum financing limit of Rs. 10 million is based on Musharaka financing. This advance is for a period 12 to 18 months and profit is calculated on the basis of 2 years fixed KIBOR rate. The payment of installments is commenced from the next month of the completion of construction of houses and apartments.
- 8.12 Housing advance is given to employees as per the terms of employment for purchase of land, renovation or construction of houses. at concessional rates. These advances are secured against the equitable mortgage of the property.
- 8.13 This net balance mainly includes unrepresented cheques of disbursements and unidentified collections in bank accounts at district and zonal offices.
- 8.14 General provision against advances has been determined in accordance with the requirements of Prudential Regulations (R-I) issued by the State Bank of Pakistan on regular portfolio of consumer financing.

8.15 Advances include Rs. 6.434 million (2012: Rs.7.734 million) which have been placed under non-performing status as detailed below:

Closing balance	2,756,399	90,990	3,146,105	79,360

8.15.2 Non-performing advances are classified and disclosed in substandard, doubtful and loss category based on number of installments outstanding from the customers. The management is of the view that this is the appropriate method for ascertaining classification of advances.

8.15.3 The SBP vide BSD Circular No. 10 of 2009 dated October 20, 2009 had allowed banks/DFIs to avail benefit of forced sales value of collaterals mortgaged with them while determining provisioning requirement against non-performing financing. Further, SBP vide BSD Circular No.1 of 2011 dated October 21, 2011 made certain amendments in the Prudential Regulations for Consumer Financing with respect to allowing additional benefit of forced sales value (FSV) of mortgage properties held as collateral against housing finances. According to the said circular, the impact on profitability due to availing FSV benefit shall not be available for payment of cash dividend or stock dividend. As at December 31, 2013 the Company has availed benefit of forced sales value amounting to Rs. 2,397 million (2012: Rs. 2,707 million). Had FSV benefit of BSD Circular No.1 of 2011 not been taken, profit for the year before taxation would have been decreased by Rs. 2,397 million.

		<u>506,895</u>	<u>503,681</u>	<u>244,508</u>

10.1 It represents an advance payment of 25% of the cost of two pieces of land measuring 163 acres situated in Gawadar made in 2007. The Company intended to construct low cost houses on this land to promote affordable housing facilities to low income groups of the residents of Gawadar. However, there has been no further development in this regard during the last five years and the chances of obtaining these plots of land are remote, therefore the management on prudent basis, has made provision against doubtful recovery of this amount.

10.1.1 Particulars of provision against other assets

Balance at beginning of the year	50,470	50,470	-
Charge for the year	-	-	50,470
Balance at end of the year	<u>50,470</u>	<u>50,470</u>	<u>50,470</u>

10.2 This include advance tax of Rs. 461,661 (2012: Rs. 418,422) million which is net off with the provision for tax of Rs. 260.35 (2012: Rs. 155,433) million.

10.3 As directed vide SRO 499(1)/80 dated May 13, 1980 by Finance Division - Government of Pakistan, the Company (formerly HBFCC) took over assets and liabilities of PRRFC. Further, as per the directive of the Government of Pakistan all assets and liabilities are shown distinctively as below, however the Company does not have any control over these assets and liabilities.

11. BORROWINGS			
In Pakistan - local currency	11.1	11,392,300	11,695,300
Outside Pakistan - foreign currency		-	-
		11,392,300	11,695,300
11.1 Detail of borrowings			
Secured			
Borrowings from State Bank of Pakistan - PLS credit lines	11.1.1	11,242,300	11,242,300
Sukuk bonds	11.1.2	150,000	453,000
		11,392,300	11,695,300

11.1.1 The credit lines from SBP are secured by certificates issued by the Company under House Building Finance Corporation (Issue and Redemption of Certificates) Rules, 1982 that are guaranteed by the Government of Pakistan (GoP).

The credit lines are repayable as follows:

Credit line number	Amount of credit lines	Repayment due on	Status
	Rupees in '000		
58	1,400,000	June 25, 2006	Due
59	1,833,000	September 07, 2007	Due
60	1,850,000	June 30, 2008	Due
61	2,406,000	August 08, 2008	Due
62	2,200,000	November 10, 2010	Due
63	1,053,300	July 12, 2011	Due
64	500,000	February 26, 2012	Due
	11,242,300		

As per the above schedule, credit line Nos. 58 to 64 were payable on on respective repayment date but were not paid. In pursuance of Company's request, the SBP through its letter no. SMED Refinance 900/06-2071 dated September 02, 2006 advised the Company to repay the credit lines as per the schedule and claimed markup @ 9.5% for utilization of the said amount after the due date till the date of their payment. As at the reporting date, negotiation with SBP for rescheduling of the borrowing and waiver of mark-up were in process. However, as a matter of prudence, the management has made accrual of entire amount of markup on overdue credit lines @ 9.5% per annum. Morefully explained in Note 1.1, subsequent to period end, it has been decided between the representatives of SBP, SECIP and the Company to convert the Company's total outstanding debt of Rupees 11.242 billion payable along with markup payable of Rupees 2.448 billion (aggregately Rupees 13.69 billion) in the equity of the Company

Not later than one year	150,000	303,000
Later than one year and less than five years	-	150,000
Balance as at December 31	150,000	453,000

11.1.2.1 Sukuk certificates - Secured

Sukuk certificates represents three million certificates issued to various banks and other financial institutions under musharaka arrangement. The face value of each Sukuk certificate is Rs. 5,000. These certificates are secured against first charge created by way of hypothecation over specific assets with 25% security margin and are subject to mark-up rate of average six months KIBOR plus 1% per annum. Rentals including redemption of principal are payable on six monthly basis between November 2009 to May 2014.

Trustee

In order to protect the interest of the certificate holders, a non-banking finance company (First Dawood Investment Bank Limited) has been appointed as a trustee under the trust deed dated April 11, 2008. In case the Company defaults on any of its obligation, the trustee may enforce the Company's obligation in accordance with the terms of the trust deed.

12.4.2 This represents demand charges recovered after June 30, 2000 net of recovery expenses, transferred to this account in accordance with the requirement of section 24(20)(d) of the House Building Finance Corporation (HBFC) Act, 1952 as amended by the HBFC (Amendment) Ordinance, 2001. The Board of Directors has approved that this amount will be used for meeting recovery expenses and for charitable purposes.

12.4.3 According to the agreement with SLIC, death claims lodged after the profit / commission distribution will be adjusted by the Company through profit / commission charged to deferred credit account.

12.4.4 This represents amount received in prior years' on account of Group Insurance Premium from individual borrowers / partners on account of rate differences. As at December 31, 2000 these amounts were pending allocation to individual partners / borrowers. Due to non-availability of the relevant records, these amounts have been transferred to this account after approval of the Board of Directors of the Company and will be used for relief of widows, orphans and incapacitated partners which are not covered by any other relief package or group insurance policy.

- 12.4.5 This represents investment income allocation against the income earned up to the current year by the Company in respect of the items reflected in the deferred credit account using average yield.

- 13.3 As at December 31, 2013, the Company has equity of Rs. 2.162 billion against the minimum required equity of Rs. 6 billion as prescribed by the SBP for DFIs through BSD Circular No.19 dated September 05, 2008. State Bank of Pakistan vide its letter No. BSD/BAID/659/2145/2012 dated February 16, 2012 granted exemption to the Company from the minimum capital requirement till December 31, 2012 or completion of privatization / restructuring process, whichever is later. The Company is in process of financial restructuring and proposal in this regard was submitted to the Ministry of Finance and State Bank of Pakistan, by virtue of which the Company requested the capital induction of Rs. 3 billion by the Government of Pakistan and conversion of outstanding credit lines by State Bank of Pakistan (SBP) into long term loan or preference shares at reasonable markup rate.

Subsequent to year end, it has been agreed that SBP's credit lines (principal amount) alongwith the markup thereon will be converted to SBP's investment in the equity of the Company (Note 1.1).

		104,917	40,254
26.1	The taxation officer while assessing taxable income for the tax years 2006 and 2007 has disallowed certain expenses on account of initial depreciation, demand charges, retirement benefits, suspension of income and written-off loans, etc. and created an additional demand of Rs. 20.28 million and Rs. 39.71 million, respectively. The Company has filed appeals with CIT(Appeals) against the said orders. The CIT (A) in its order dated June 11, 2010 has confirmed the action of taxation officer on account of initial depreciation, demand charges, etc. and directed him to rectify his order in respect of suspended income and writing off of income to PASMIC in tax year 2007 after verifying the documents available with the Company. The Company had filed an appeal with the Appellate Tribunal Inland Revenue (ATIR) against the order passed by CIT (A). No provision has been made in the financial statements in this regard as the management is confident that ultimate outcome of the appeals in question will be in favour of the Company.		
	The income tax assessment year 2001-2002 and tax year 2003 are pending at appellate forums. However, as a matter of prudence sufficient tax provision has been made in the books of accounts.		
26.2	The Company has net deductible temporary differences and assessed tax losses on which deferred tax asset of Rs. 755.550 million arises. Deferred tax asset as at 31 December 2013 to the extent of Rs. 434.305 million has not been recognized as the Company is uncertain about the timing and extent of future taxable profits against which such benefits can be utilized. However, deferred tax asset of Rupees 321.245 (2012: Rupees 449.781) million arising on net actuarial loss on staff retirement benefit recognized directly on other comprehensive income has been accounted for in these financial statements which will also be reversed in other comprehensive income.

Number of persons	<u>-</u>	<u>1</u>	<u>-</u>	<u>4</u>	<u>21</u>	<u>21</u>

31.1 Executive means employee, other than the Chief Executive and Directors, whose basic salary exceed five hundred thousand rupees in a financial year.

31.2 The Company also provides free use of the Company maintained car to Managing Director and Executives in accordance with their entitlements.

32. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of traded investments other than those classified as held to maturity is based on quoted market price. Fair value of unquoted equity investments is determined on the basis of break up value of these investments as per the latest available financial statements.

Fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments. The provision for non-performing advances has been calculated in accordance with the Company's accounting policy as stated in note 3.4 to these financial statements.

The repricing profile, effective rates and maturity are stated in note 35.3.1 and 35.4.1.

The management is of the view that the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer advances are frequently repriced.

33. RELATED PARTY TRANSACTIONS

Related parties comprise associated undertaking, retirement benefit plans, directors and key management personnel of the Company. These transactions were made on substantially the same commercial terms as those prevailing at the time for comparable transactions with unrelated parties and did not involve more than a normal amount of risk. There were no transactions with the key management personnel other than those under the terms of their employment. Details of transactions with the related parties other than those which have been disclosed elsewhere in these financial statements, are as follows:

Relationship	Nature of Transaction	2013 Rupees in '000	2012
Associated undertaking			
Takaful Pakistan Limited	Insurance premium paid	8,963	7,007
	Insurance claims received	40	6,711
Key management personnel	Proceeds from disposal of operating fixed assets	86	41
	Loans and advances	67,225	17,879
Retirement benefits plans	Pension fund	6,996	13,704
	Post retirement medical benefits	3,848	7,494

The related party status of outstanding receivables and payables as at December 31, 2013 are included in respective notes to the financial statements.

Remuneration to key management personnel is disclosed in Note 31 to these financial statements.

34. CAPITAL ADEQUACY

State Bank of Pakistan (SBP) requires Banks/DFIs to maintain regulatory capital for credit, market and operational risks which should at least be equal to 10% of total risk weighted assets. As per SBP BPRD Circular no 06 dated August 15, 2013 wherein SBP has asked banks/DFIs to implement Basel III reforms issued by the Basel Committee on Banking Supervision (BCBS) to further strengthen the capital related rules. The Company has implemented Basel III framework in the light of SBP instructions. The Company monitors its capital adequacy ratio and endeavors to maintain it at a level sufficiently higher than the minimum regulatory requirement. The Company calculates capital requirement as per Basel III regulatory framework, using the Standardized Approach for Credit Risk and Market Risk whereas Basic Indicator Approach for Operational Risk.

Objectives of Capital Management

The capital management objectives of the Company are as follows:

- To maintain sufficient capital to support overall business strategy, expansion and growth;
- To integrate capital allocation decisions with the strategic and financial planning process;
- To meet the regulatory capital adequacy ratios as defined by SBP;
- To safeguard the Company's ability to continue as a going concern so that it can continue to provide adequate return to shareholders; and
- To have a prudent buffer to protect the Company under different economic and stress scenarios caused by unexpected and unforeseeable events.

In order to strengthen the solvency of Development Financial Institutions (DFIs), SBP through its BSD Circular No. 19 of 2008 dated September 5, 2008 has asked to raise their minimum paid up capital to Rs. 6 billion (free of losses) up to December 31, 2009. However, there is a shortfall of Rs. 3.838 billion in minimum capital requirement. In order to meet the shortfall, the Company has approached its shareholders i.e. Ministry of Finance and State Bank of Pakistan, to inject the required capital, the eventual outcome of which has been disclosed in Note 1.1.

SBP through its BSD Circular No. 07 of 2009 dated April 15, 2009 has also asked to achieve the minimum Capital Adequacy Ratio (CAR) of 10%. The capital adequacy ratio (CAR) of the Company stands at 22.24% of its risk weighted exposures as at December 31, 2013. The Company has maintained capital adequacy ratio well above 10%. Subsequent to period end, it has been decided between the representatives of SBP, SICP and the Company to convert the Company's total outstanding debt of Rupees 11.242 billion payable along with markup payable of Rupees 2.448 billion (aggregate) in the equity of the Company, morefully explained in Note 1.1.

The capital adequacy ratio of the Company was subject to the Basel III capital adequacy guidelines stipulated by the State Bank of Pakistan through its circular BPRD Circular No. 06 of 2013 dated August 15, 2013.

These instructions are effective from December 31, 2013 in a phased manner with full implementation intended by December 31, 2019.

Under Basel III guidelines banks / DFIs are required to maintain the following ratios on an ongoing basis:

Phase-in arrangement and full implementation of the minimum capital requirements:

S.No.	Ratio	2013	2014	2015	2016	2017	2018	2019
1	CET-1	5.00%	5.50%	6.00%	6.00%	6.00%	6.00%	6.00%
2	ADT-1	1.50%	1.50%	1.50%	1.50%	1.50%	1.50%	1.50%
3	TIER-1	6.50%	7.00%	7.50%	7.50%	7.50%	7.50%	7.50%
4	Total Capital	10.00%	10.00%	10.00%	10.00%	10.00%	10.00%	10.00%
5	CCB	-	-	0.25%	0.65%	1.28%	1.90%	2.50%
6	Total Capital plus CCB	10.00%	10.00%	10.25%	10.65%	11.28%	11.90%	12.50%

The Company's regulatory capital under Basel III framework is analyzed in following terms:

1. Tier 1 Capital (going-concern capital)
 - i. Common Equity Tier 1 (CET 1)
 - ii. Additional Tier 1 (AT1)
2. Tier 2 Capital (gone-concern capital)

Common Equity Tier 1 (CET1)

Common Equity Tier 1 capital consist sum of the following items:

- i. Fully paid up (common shares) capital / assigned capital.
- ii. Balance in share premium account
- iii. Reserve for Issue of Bonus Shares
- iv. General/ Statutory Reserves as disclosed on the balance-sheet
- v. Minority Interest (In case of consolidation)
- vi. Up-appropriated / un remitted profits (net of accumulated losses, if any)
- vii. Less regulatory adjustments applicable of CET1 as specified in Basel III

Additional Tier 1 Capital (AT1)

Additional Tier capital shall consist of the following items:

- i. Instruments issued by banks that meet the qualifying criteria for AT1 as specified in Basel III
- ii. Share premium resulting from the issuance of AT1 instruments.
- iii. Minority interest i.e. AT1 issued by consolidated parties to third parties.
- iv. Less regulatory adjustments applicable on AT1 as specified in Basel III

Tier 2 Capital (Gone Concern Capital or Supplementary Capital)

The Tier 2 capital (or gone concern capital) shall include the following elements:

- i. Subordinated debt/instruments (meeting eligibility criteria as specified in Basel III)
- ii. Share premium resulting from the issue of instruments included in Tier 2.
- iii. Minority interest i.e. Tier -2 issued by consolidated subsidiaries to third parties as specified in Basel III
- iv. Revaluation reserves (net of deficits, if any)
- v. General provisions or general Reserves for loan losses
- vi. Foreign Exchange Translation Reserves
- vii. Undisclosed Reserves
- viii. Less regulatory adjustments applicable on Tier -2 capital as specified in Basel III

35. RISK MANAGEMENT

Financial Institutions are exposed to various risks in pursuit of their business objectives. The nature and complexity of these risks has rapidly changed over time. The failure to adequately manage these risks not only results in business losses but also places hurdles in achieving strategic objectives. Consequently, a solid and vigorous risk management framework in the organization is required.

The Company's risk Management Policy is in line with the Risk Management Guidelines of State Bank of Pakistan and Basel II Accord. The Risk Management Policy is approved by the Board of Directors.

The risk management policies and procedures cover all activities of the Company including credit evaluation, treasury and investment operations. The basic principles employed in formulation of the above policies and procedures involves identification, measurement, monitoring and controlling risks to ensure that: -

4

- The Company's risk exposure is within the limits established by the Board of Directors.
- Risk taking decisions are in line with the business strategy and objectives of the Company.
- The expected payoffs compensate the risks taken by the company.

Risk profile of the Company

The key risks are credit risk, liquidity risk, market risk and operational risk.

Risk Structures and Responsibilities

Organizational framework for Risk Management includes the following :

The Board of Directors is responsible for overall supervision of the risk management process. A Board Risk Management Committee has been formed to regularly review risk related activities of the organization. The Board Risk Management Committee is responsible to establish and implement risk management framework of the Company. Individual risks are reviewed and controlled by various committees at management level like ALCO and Credit Committee.

Risk Management Department is responsible for coordinating and implementing all the risk management activities of the Company. It ensure that risks remain within the boundaries as defined by the Board, comply with the risk parameters and prudential limits and work out remedial measures. The core function is to identify, measure, monitor and report key risks to which company may be exposed. It works in close coordination with all the functions and business units that are involved in risk taking.

Risk Management department undertakes the following activities on regular basis utilizing the overall risk framework: -

- Formulate policies and guidelines for managing all risk categories.
- Develop systems and procedures. These systems and procedures should be capable of accurate measurement of the risks to identify deviation from approved risk parameters.
- Facilitate introduction and implementation of prudent practices for risk management.
- Facilitate management in business decisions by providing analytical risk reviews.
- Communicate and liaise with other functions and business units in carrying out risk reviews, analysis and mitigation activities.

35.1 Credit Risk

Credit risk is the risk that a customer or counterparty may not settle an obligation for full value, either when due or at any time thereafter. This risk arises from the potential that a customer or counterparty's willingness to meet an obligation or its ability to meet such an obligation is impaired, resulting in an economic loss to the company.

Housing Finance is the core function of the Company and credit risk is the major risk faced by the Company. Credit risk is incurred mainly in the following two areas of its operations: -

- In its credit operations, where it provides housing finance to retail or wholesale clients; and
- In treasury operations where credit risk is incurred with counterparties in its investments in financial markets and instruments.

Overall credit risk is monitored by Credit Committee at Head Office, which reviews and recommends improvements in credit policies and monitors portfolio behavior. To further strengthen credit risk management and credit setup, proper delegation of credit decisions at committee level with appropriate approving limits has been made.

Following measures have been applied to govern credit policy of the Company: -

- Lending process and decision is based on a full appreciation of the risks inherent in the transaction. Management monitors credit portfolio through MIS reports.
- Stress testing for individual credits and the overall credit portfolio under adverse changes in the conditions / environment in which the borrowers operate.
- The Company has instituted an effective system for monitoring servicing of its performing credit portfolio and collection of non performing portfolio.
- The Company creates loan loss provisions against non-performing advances in accordance with Prudential Regulations issued by SBP.

35.1.1 Credit Risk Mitigation

It is the Company's policy to reduce or mitigate credit risk on credit facilities or exposures, by securing these with collaterals. To correctly assess the extent to which the collateral mitigates the credit risk the collateral must be valued according to a specified valuation method, documented and monitored.

In this regard following steps have been taken: -

- Outsourcing of property title verification.
- Outsourcing of borrower income verification.
- Outsourcing of property valuation.

Credit Risk is also mitigated through a set up of sub credit committee at Zonal and Regional level for credit approvals depending upon the level of risk assumed. Overall credit risk is monitored by central credit committee which reviews and recommends improvements in credit policies and monitors portfolio behavior.

To strengthen credit risk management and to fulfill SBP requirements, the company is working to develop and implement internal credit risk rating system for its entire credit portfolio.

Collateral & Security

Collateral is an important mitigant of credit risk. All the residential mortgages are collateralized. Valuation of the collateral is taken within agreed parameters. The legal mechanism by which collaterals is pledged and the company's procedures ensure that the company has clear rights over the collaterals and may liquidate, retain or take legal possession

Insurance Cover

- Every borrower and guarantor is insured for life and disability for repayment of the balance amount of the loans.
- Every property taken as collateral is insured.

Credit Concentration Risk

Concentration of credit risk is the risk related to the degree of diversification in the credit portfolio, i.e. the risk inherent in doing business with large customers or not being equally exposed across borrower types and geographical regions. The concentration risk can arise in loan book as well as investment book.

35.1.2 Segmental information

Segmental Information is presented in respect of the class of business and geographical distribution of Advances, Deposits, Contingencies and Commitments.

35.1.2.1 Segments by class of business

35.2 Credit Risk-General Disclosures Basel II Specific

35.2.1 Credit Risk - General Disclosures

The Company has adopted the Standardized Approach of Basel II for weighting its Credit Risk Exposures.

35.2.2 Credit Risk Disclosures for portfolio subject to the Standardized Approach -Basel II Specific

Under Standardized approach, the capital requirement is based on the credit rating assigned to the counter parties by the External Credit Assessment Institution (ECAI) duly recognized by SBP for capital adequacy purposes. In this connection , the Company utilizes the credit rating assigned by recognized agencies such PACRA and JCR-VIS.

Types of Exposures and ECAI's used

Current Year

Exposures	JCR-VIS	PACRA	Other (Specify)
Corporate	✓	✓	x
Banks	✓	✓	x
Sovereigns	x	x	x
SME's	x	x	x
Securitizations	x	x	x
Others (Specify)	x	x	x

35.2.3 For exposure amounts after risk mitigation subject to standardized approach, amount of Company outstanding (rated & unrated) in each risk bucket as well as those that are deducted are as follows: -

Credit Exposures subject to Standardized approach

Current Year

Exposures	Rating Category #	Amount Outstanding	Deduction CRM	Net Amount
Corporate	2 to 6	11,064	-	11,064
Banks	1 & 3	2,663,488	1,871,457	792,031
Sovereigns etc.	-	80,564	-	80,564
Unrated		10,978,269	-	10,978,269
		<u>13,733,385</u>	<u>1,871,457</u>	<u>11,861,928</u>

CRM = Credit Risk Mitigation

35.2.4 Credit Risk: Disclosures with respect to Credit Risk Mitigation for Standardized Approaches-Basel II Specific

The Company has adopted Simple Approach of Credit Risk Mitigation for the Banking Book. In instance where the Company's exposure on an obligor is secured by collateral that conforms with the eligibility criteria under the Simple Approach of CRM, then the Company reduces its exposure under that particular transaction by taking into account the risk mitigating effect of the collateral for the calculation of capital requirement. i.e. risk weight of the collateral instrument securing the exposure is substituted for the risk weight of the counterparty. In order to obtain the credit risk mitigation benefit, The Company uses realizable value of eligible collaterals to the extent of 80% of outstanding exposure.

35.2.5 Equity position risk in the banking book-Basel II Specific

At present Company has no investment position in equity holdings.

35.3 Market Risk

Market Risk Management is the risk that the value of on and off - balance sheet positions of the Company will be adversely affected by movements in market rates or prices such as interest rates, foreign exchange rates, equity prices, credit spreads and / or commodity prices

The Company is exposed only to interest rate risk in its banking and trading book. Foreign exchange risk and equity price risk is not applicable to the Company.

The organization set up for Market Risk Management in the Company is as under: -

The Board of Directors

The Board Risk Management Committee (BRMC)

The Asset-Liability Management Committee (ALCO); and

35.3.1 Responsibilities of ALCO

Responsibilities of ALCO with regard to market risk management aspects include:

- Assess the Company's current balance sheet position.
- Review the appropriateness of the existing strategies.
- Develop asset and liability strategies.
- Set the quantifiable targets to achieve the asset liability strategies.
- Product pricing for borrowing and advances.
- Decide on desired maturity profile and mix of incremental assets and liabilities.
- Review liquidity & funding plans for the Company.

35.3.2 Responsibilities of Middle Office

The middle office performs treasury and market risk management activities. It is responsible for verification of all the deals made by front office and monitoring of portfolio position. It is responsible for review of treasury policy, process and involve in research. It works for measurement, modeling, mitigating, and reporting of interest rate risk and liquidity risk.

35.3.3 Mismatch of Interest Rate Sensitive Assets and Liabilities

35.3.3.1 Yield / interest rate risk

Yield / interest rate risk is the risk that the value of the financial instruments will fluctuate due to changes in the market yield / interest rates. Sensitivity to yield / interest rate risk arises from mismatches of financial assets and financial liabilities that mature or reprice in a given period. The Company manages these mismatches through matching the repricing of assets and liabilities and off-balance sheet instruments. The Company is exposed to yield / interest risk in respect of the following -

2013										
	Effective Yield / Interest rate	Total	Exposed to Yield / Interest risk							Net-interest bearing financial instruments
			Rupees in '000

Total financial liabilities as per note 35.3.3.1	17,067,295	16,232,365
Other liabilities	2,212,399	2,388,389
	19,279,694	18,620,754

35.4 Liquidity Risk

Liquidity risk is the risk caused, among others by the inability of the Company to settle liabilities at due date. Objectives of our liquidity management is to ensure that the Company is able to honor all its financial commitments on an ongoing basis without (i) effecting the Company's cost of funds (ii) adversely effecting ability to raise funds and (iii) resorting to sale of assets.

Asset and Liability Committee (ALCO), Treasury, Finance Division and Risk Management Department each have a role in management of liquidity risk.

The management in year 2008 has floated Sukuk (certificates worth Rs. 1.5 billion which were fully subscribed indicating Company's strength/ability to raise funds from the market in case of need
